Re.: **Object: GS approved cutting units; authorisation to perform maintenance.**

Dear Sir,

As far as concern the GS cutting units, we inform you herewith that CEMBRE S.p.A. authorises

***JORK, SPOL. S R.O.***

To carry on the maintenance on tools GS marked.

In this view ***JORK, SPOL. S R.O.*** will be responsible of the correct execution of the job.

Some explanation:

- All maintenance and repairs will be carried out using original spare parts; if changes to the product are made so that it is no longer identical to the certified finished product (e.g. failure to use original spare parts), the authorisation to use GS trademark shall be lost;
- Change the oil at any maintenance intervals, registering the date the oil is changed. For this purpose the cable cutting units must be sent by your customers, complete, to

***JORK, SPOL. S R.O.***

- As stated in the operation and maintenance manual, CEMBRE S.p.A. recommends maintenance to be carried out by trained personnel. Maintenance must be carried out at the following intervals:

**6 years** – occasional use – example: about 6 times a year.

**4 years** – normal use – example: about 12 times a year.

**2 years** – frequent use – example: more than once a month during the year.

To Mr Josef Kadlecik Your ref. dated

**Caution:** Maintenance carried out by trained personnel is, according to BGVA 2, absolutely necessary at the latest after 6 years regardless the frequency of use.

We remain at your full disposal for any help or technical assistance you might need and seize this occasion to wish you our

Best Regards

 **Cembre S.p.A.**  
*Aldo Bottini Bongrani*  
**Director - Sales and Marketing**
